

Cycling from Mappe

Route 1 - Mappe > Tourtour

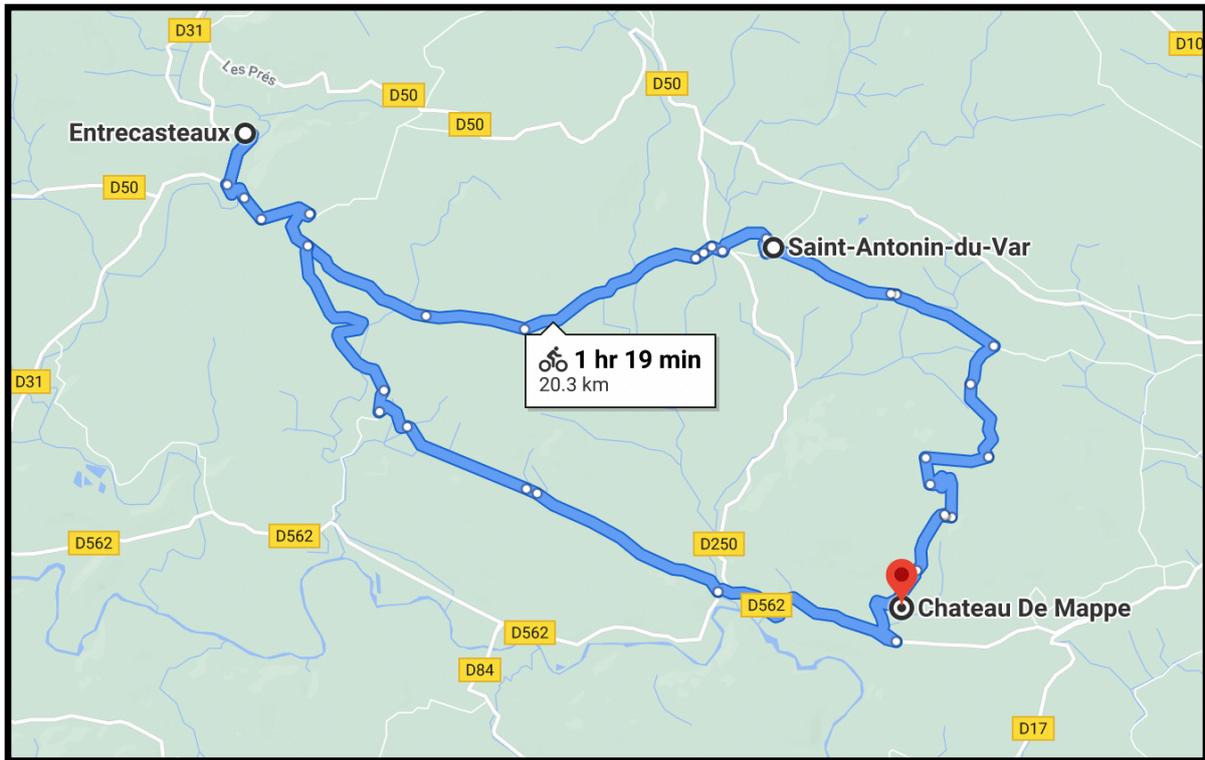

This is a wonderful ride to do in the early morning. I love the view across the valley as you leave Lorgues as much as the experience of climbing to the 'village dans le ciel'

There are 500 metres of climbing to reach the top, which means the return is a lot quicker

If you just want to do the climb, park at Chateau de Berne and ride from there

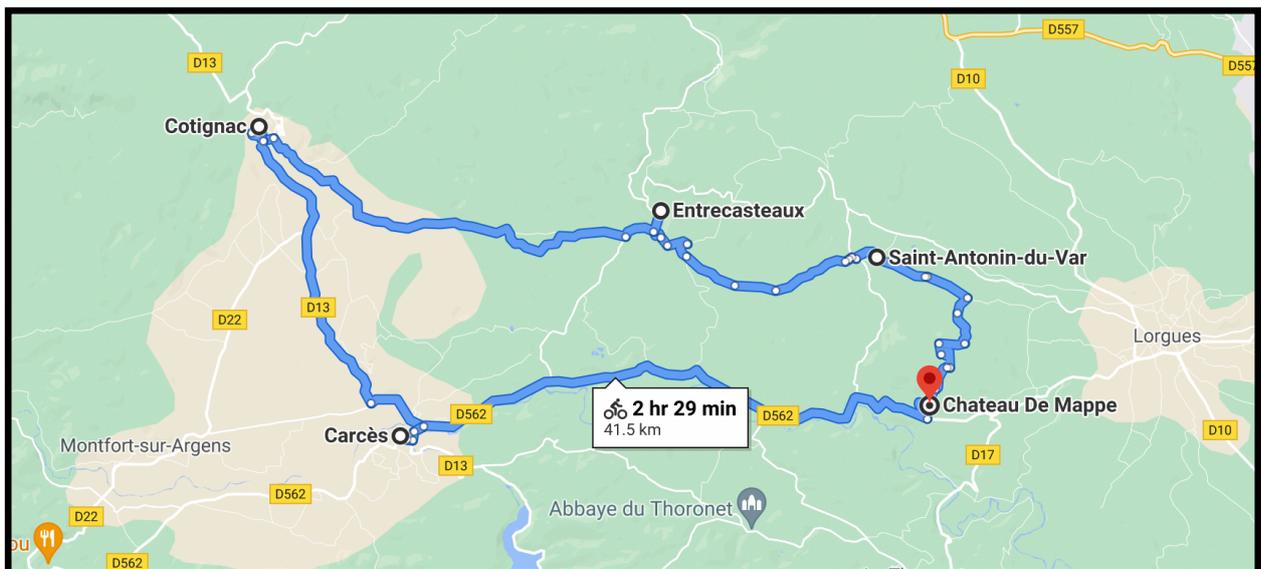

Route 2

Mappe > Entrecasteaux > Mappe

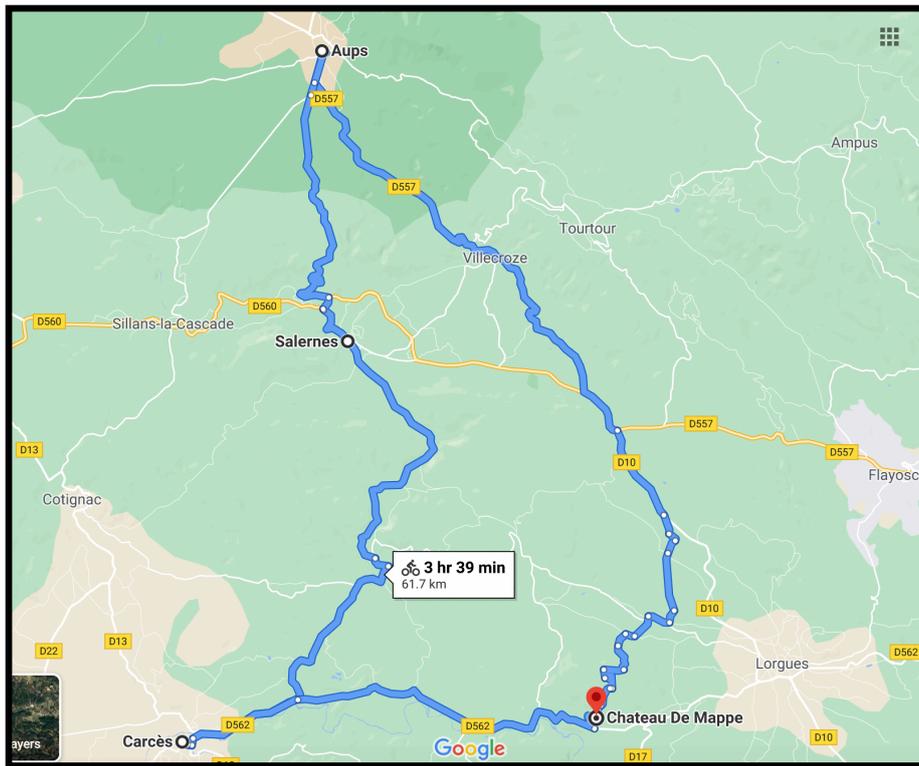

Route 3

Mappe > Entrecasteaux > Cotignac > Carcès > Mappe

Route 4

Mappe > Aups > Salernes > Carces > Mappe

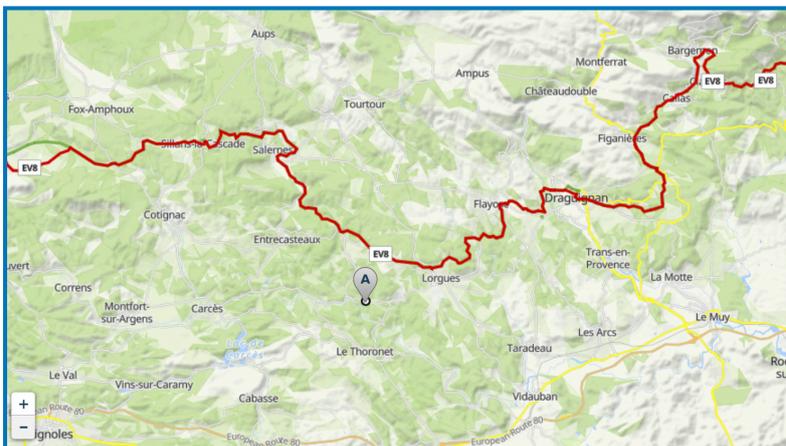

EuroVelo 8 passes just north of Lorgues

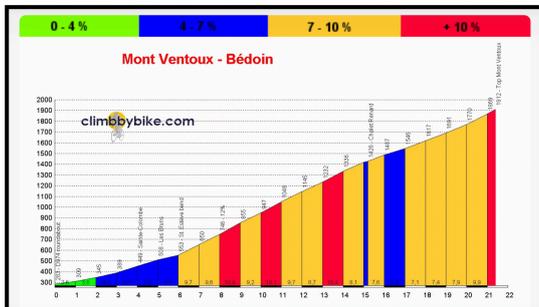

The 7,500 kilometre route will take you west to Cadiz and east to Athens

And don't forget Mont Ventoux

The climb of a lifetime is just 200 kilometres drive away
